

Ultrafix CA Activators

Instantly Cures Ultrafix CA Series Adhesives

Applications

Instantly cures Ultrafix CA Series adhesives.

Characteristics

- Remove Ultrafix adhesive residue from screen printing frames and other hard surfaces
- Activator A is an aerosol, Activator P is a liquid meant for use with pump spray bottle

Directions For Use

Immediately after applying CA series adhesives to stretched mesh that is in close contact with frame, spray a light mist of CA Activator onto adhesive surface. If the adhesive surface turns white, the activator has been overapplied.
