

# SAATI Pro Washout Booth

Polypropylene Washout Booth

## Applications

Reclaim screens in a contained sink, develop and examine quality screens.

## Characteristics

- Polypropylene Construction 3/8" / 1 cm wall
- Chemical Resistant
- Screen Holder
- Wand Holder
- Vent Ready
- Quick Drain Style
- Drain attachment Ready
- Polypropylene Legs

## Features

- Comes with on/off backlighting
- Simple to install drainage
- Sturdy polypropylene design

## Benefits

- Backlighting helps you develop the details
- Prevents your screens from sliding when pressure-washed
- Built-in wand holders preserve your equipment

## Directions for Use

### Developing

Place screen in sink with lighting off. Rinse both sides of screen giving each area of stencil equal attention. As Details emerge, use backlighting to identify under-rinsed areas, and to check for pinholes and lost details.

### Reclaim

Place screen in sink. Apply chemicals by process, use backlighting to inspect reclaimed screens for residue.

## Sizes

Height and Width are approximate outer dimensions, Depth is the inside measurement.
