Remove HR89

After ink and stencil removal, apply gel on screen with a brush. Let sit for maximum 10 minutes; a longer time may harm mesh. Rinse screen with a pressure wash.

HEALTH AND SAFETY

Before using, refer to appropriate safety data sheets.

DIRECTIONS FOR USE

Remove HR1

After ink and stencil removal, apply gel and spread the screen with a stiff brush. Let dry - may be left overnight. The gel will not harm mesh. Rinse the screen with a high pressure wash.

WARRANTY AND LIMITED REMEDY

The directions, recommendations and specifications contained in this Technical Data Sheet are meant as a guide to the use of the product and shall not bind the company. Product specifications are subject to change without notice.

The following is made in lieu of all other expressed or implied warranties, including any implied warranty of merchantability or fitness for a particular purpose: all Saatichem manufactured liquid products are warranted to be free of defects in materials and manufacture and to meet the specifications stated in Saatichem applicable Product Bulletin. Saatichem will replace or refund the price of any Saatichem manufactured liquid product that does not meet this warranty within the applicable warranty period.

The remedies are exclusive. In no case shall Saatichem be liable for any other direct or indirect damage or loss, including without limitation any incidental, special or consequential damages, or any material costs or labor charges incident to the removal or replacement of any mesh, screen, ink, substrate, finished graphic or any other item.
